Re: Match Programme's

We have had several complaints recently that clubs are not responding to requests for Squad information for programme purposes ahead of fixtures.

Clubs are once again reminded of requirements within Rule 8.14:

The visiting Club must send in writing to the home Club details of their matchday squad and management team together with any supplementary information required by the Competition from time to time (this may include their club crest, Club history, up-to-date pen pictures of their current Players registered with the Competition for the season [latest team photograph] and/or kit colours at least five days before the scheduled date of the match between the two Clubs.

Many Clubs, go to a great deal of effort in producing a decent match programme – and for their opponents to just ignore reasonable requests for squad details is totally unacceptable and disrespectful.

Clubs are encouraged report such breaches & any further instances, may result in charges under the above rule.

Given the recent appalling weather - a Swan finds Eastbourne United's pitch to his liking
