MATCH PROGRAMMES

Reminder to All concerning requirement that Away club supply details for match programme.

I am aware of number of cases where away clubs have not bothered to send in any team details, (despite being requested to do so) to home club for inclusion in match programmes - **This is completely unacceptable!**

Rule 8.14 is quite clear that the away club **MUST** send in any details, as requested - any such cases reported to SCFL may result in the defaulting club being changed for breach of Rule 8.14.

Rule 8.14 The home Club is responsible for publishing a full match programme acceptable to the Board for each of its Competition matches. A full match programme available electronically only shall be acceptable providing that each Club has approval from the Board before the commencement of the Playing Season and must be continuous for the whole of that Playing Season. A Team Sheet will not be considered sufficient to comply with this Rule.

The visiting Club must send in writing to the home Club details of their matchday squad and management team together with any supplementary information required by the Competition from time to time (this may include their club crest, Club history, up-to-date pen pictures of their current Players registered with the Competition for the season [latest team photograph] and/or kit colours at least five days before the scheduled date of the match between the two Clubs.

The home Club programme must include the details sent by the visiting Club in the match day programme
